

We meet all your virtual event interpretation needs

Common Challenges in Multilingual Events

01

Event planning takes a lot of time due to delayed interpretation quotes

02

Event management becomes a hassle with finding reliable interpreters, coordinating with them and supporting technical setup requirements

03

Hosting a virtual, multilingual event with multiple attendees becomes complicated on your web meeting platform

01

Risk-free, instant quotation & booking including all costs, no nasty surprises

02

Remote Simultaneous Interpretation (RSI) platform with domain specialized interpreters at your fingertips

03

Freedom to use your web meeting platform, use ours if you don't have your own and leave all technicalities to us
